

Using AI in Teaching Practice

 Approx. 4 hours

The aim of this online course is to provide educators with an understanding of AI tools, their applications in teaching practice, and the ethical considerations involved in their use.

What you will learn

By the end of this course, ākonga will be able to:

- Use AI tools in teaching practice
- Identify opportunities and challenges of AI in education

More about this course

This course is tailored for educators, exploring how they can integrate AI tools into their teaching, how ākonga can benefit from these tools, and the implications for assessment.

The course explores:

- Types of generative AI tools
- Opportunities and challenges of AI for education
- Ways to use AI in teaching practice
- Assessing and AI
- Referencing and AI
